

Spinal System

"The complete Spine solution from Pitkar"

K-Gen Screws

Profile • Performance • Efficiency • Service

"K-Gen" Spinal System facilitates use of pedicle screw system from Lumbar to Ilium with flexibility across patient types with variety of implant options including fixed angle to multi-axial cannulated & non-cannulated pedicle screw in single & dual threads. Rods & Screws are made out of Titanium material conforming to ISO 5832-2, there by reducing risk of implant breakage, disassembly and bending.

Low profile screw heads offers opportunity to reduce overall metal mass without compromising implant integrity on performance.
